

# The First People's Hospital of Xiamen University

## Platform-lift parking system (PCY)

## The First People's Hospital of Xiamen University

Address: 55th, Zhenhai Rd, Xiamen

Investor: Xiamen Municipal Construction and Development Corporation

Equipment type: Platform-lift parking system (PCY); 15 levels above ground

Transfer cabins: 19 entrances and 19 exits

Parking spaces: 798

## Project Description:

Being the largest new Platform-lift parking system in China, it increased more than 700 parking spaces after installation. This system is design for quick parking experience to the users and enable smooth traffic flow by drive through cabins to reduce the traffic impact inside the hospital campus and in the surrounding area.
